

Theresa Notes

Decisions!

Have you ever heard someone say "we are deciding the fate of so and so's life"? Or listened to the newscasters comment on some big meeting by the 'leaders' of the world and how this meeting will affect the lives of millions? It may seem as if what they will decide will make a difference in our life, but not really.

The only one that has authority to decide my fate is me. I decide what path I will take and how I will react. I decide if I will make heaven or hell. I decide how much I am willing to give of myself to others.

It is your decisions - decide well!
