

There are around 37 Million people that live in the State of California. According to a poll by USA Today around 65% are Christians. That means that 24 Million are Christians!

Gideon fought the 135,000 Midianites with 300 men, or .2%. Yes you saw that point before the 2. Not even 1% and Gideon destroyed the Midianites. So is California hopeless? Is this State ready for the trashpile? I would say NO! We have more than enough people to take back California!! All we have to do is to believe that God is able, PRAY, and Believe.

Picture a stream of 13,000,000 people traveling one way and 24,000,000 going the other - who will Prevail? The one with the most - IF THEY DO NOT TURN FROM WHAT GOD HAS CALLED THEM TO DO!!!!!!
